Like apples? There's lots of 'em here now—enough for every one to have an apple for each eye and one just inside the solar. To be specific, to ask a hypothetical question, if you were shown a bellflower apple, a Gano apple, a winesap apple, and a blacktwig apple, would you take just one or all of the apples? Don't rush, please.

The vegetable market remains practically the same as last week, but the price has changed somewhat on the non-essentials, such as onions and radishes. Of these two delectables you get only a bunch for a nickel against two last week. But who likes sour onions and radishes, as the little black fox said as he jumped with cunning ease over the hay bowwow. The meat market prices and the horse and cattle provender market prices remain unchanged from last week.

Following are the local retail quotations on fruits, vegetables, meat, butter, eggs, etc.

MONUMENT AT GONZALES IS FORMALLY UNVEILED.

Interesting Exercises Attend Unveiling of Bronze Shaft to Texas Heroes.

Gonzales, Texas, Oct. 21.—A magnificent monument, which has just been completed and which will commemorate the first battle of the Texas revolution fought at Gonzales, was unveiled here Thursday afternoon. A large attendance was here from all portions of the state, especially of those who are descendants of the men who participated in this immortal conflict. The monument was designed by Pompey Coppini, the great Italian sculptor of San Antonio, and is of solid bronze, executed in Europe from the plaster models of the sculptor. The base is surmounted by a figure of a hero, dressed in the garb of a Texas soldier of the period. The man holds an ancient rifle in his hand. The battle was fought on October 2, 1835, and resulted in a victory for the Texans.

To Grow Hair on a Bald Head

By a Specialist.

Thousands of people suffer from baldness and falling hair who, having tried nearly every advertised hair tonic and hair grower without results, have resigned themselves to baldness and its attendant discomfort. Yet their case is not hopeless; the following simple home prescription has made hair grow after years of baldness, and is also unequalled for restoring grey hair to its original color, stopping hair from falling out, and destroying the dandruff germ. It will not make the hair greasy, and can be put up by any chemist. Buy from 6 ounces, Lavona de Composee 2 ounces, Menthol Crystals 1/2 drachm. If you wish it perfumed add half to one teaspoonful of To-Kalon Perfume, which unites perfectly with the other ingredients. This preparation is highly recommended by physicians and specialists, and is absolutely harmless, as it contains none of the poisonous wood alcohol so frequently found in hair tonics. Do not apply to the face or where hair is not desired.

Be sure to ask the druggist for all the enclosures in the Lavona de Composee package. One of them entitles you to a handsome free sprinkler top for your hair tonic bottle and you are also entitled to receive the free advice of an expert on the hair by simply writing to the address you will find enclosed in the carton.

The above ingredients are all standard and are kept by almost any up-to-date drug store. A. E. Ryan & Co., for instance, state that they are obliged to fill this prescription many times each week and that all of their patrons have reported the greatest degree of satisfaction.
